

# MAGNASAFE™

## THE NEW STANDARD IN PRODUCTION SAFETY

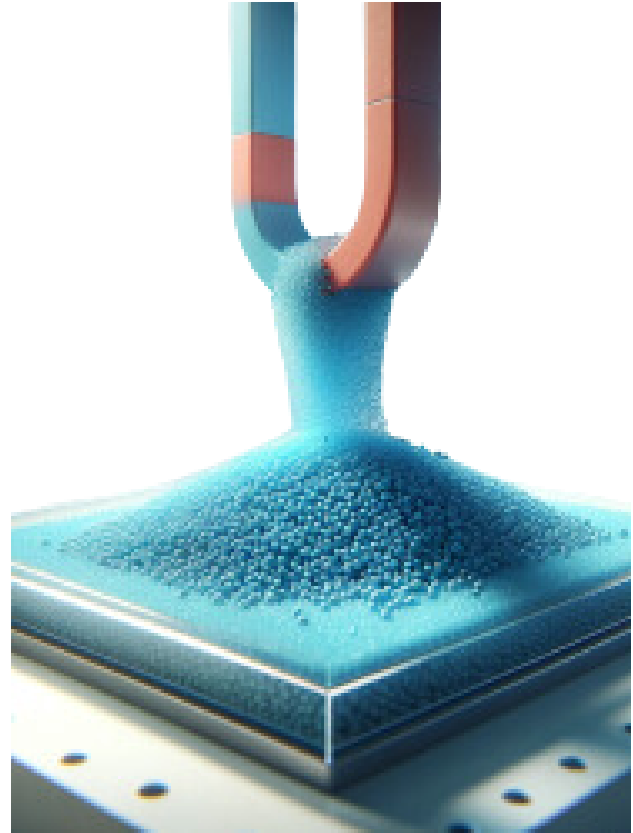

Metal Detectable & Magnetically Attractive:  
Ensures quick identification and removal of  
orphaned magnasafe material.

Clarified Safety: The product itself is not  
magnetic but is magnetically attractive and  
detectable. It is visible to an x-ray machine if  
pieces come loose.

Food Safe: Designed specifically for food  
handling and processing.
